"A DANGEROUS ADVENTURE"

Synopsis.

Eighth Episode

Episode T: e...The Escape.

Edith, following Jim and Mac, has picked up a leopard's cub. An earthquake shakes the earth and the two boys fall into the crevice. Edith, following, is trailed by the mother leopard. Edith, to escape the attack of the leopard, throws the cub away and helps rescue the boys.

Brandon has reached the village of the Sunworshippers where he is received as an old friend, but during the absence of the chief, Brandon steals a valuable jewel from the head of their idol. The chief discovers the loss and pursues Brandon. Mac's party has camped on the outskirts of the jungle and Brandon now runs in. He is overtaken by the villagers who search to find the jewel. When this is found, the villagers now force the entire party to return to the village where they are imprisoned in a jungle cell. The chief explains that there is but one way of escape..... through a window which automatically opens and releases a den of lions. Brandon now convinces the others that he is a friend and offers the papers to Mac if he will escape and find Marjorie. This seems in good faith and Mac escapes, avoiding the loosened beasts and starts on his way to Kulambu.

Brandon now summons a native with the request that he be taken to the chief. There, he tells of the escape and offers to follow Mac and reach the village before Mac where he will have Mac taken prisoner and returned to the Sunworshippers' village. As a guarantee, the three are left as hostages.

Brandon reaches the village shortly after Mac. Mac has already talked with Marjorie and tells her that he will return after dark. Brandon now enters Marjorie's hut, takes Marjorie out and when Mac returns for Marjorie at dusk, the natives have already been warned and surround the hut, as they close in upon them.

The end.
